

the
CHASER

A few questions inspired by our Sunday service designed to start conversations with those you're in community with, help you make connections to your everyday life, and push you to consider how you can get closer to God this week.

1. What examples of prayer, if any, did you grow up with? Was there a right and wrong way to pray, a right and wrong thing to say?
2. There's power in your prayer when it's personal. Is there something that holds you back from being completely honest with God about what you need?
3. Decide and commit to pray every day this week for one specific thing. Next week, share with someone what you learned.
